REAL FOOD that matters for life's moments

No artificial flavours, hydrolyzed vegetable protein, disodium inosinate or disodium guanylate.

SINGLE SERVE

Pureed Entrees

Trepuree IQF (individual quick frozen) pureed single serve entrees deliver great taste and nutrition, are easy to swallow and attractively presented to create a memorable mealtime experience.

TREPUREE SINGLE-SERVE PUREED ENTREES HAVE BEEN ENJOYED BY PATIENTS AND RESIDENTS IN CANADA FOR OVER 20 YEARS

PREPARATION Made Easy

With **Trepuree**, preparation of texture modified foods, from the facility kitchen to your patient or resident, is fast, easy and efficient.

Fast

- Eliminates the need to plate each meal
- Frees up valuable storage space
- Quick to serve; simply remove film from heated meal releasing appetite stimulating aromas
- Protective film seals in moisture

Easy

- Simply thaw and heat in the same sealed dish
- Compatible with conventional and cold plating systems
- Saves on labour with no dishes to wash*

Efficient

- 100% recyclable containers
- Simplifies HACCP compliance
- Consistent nutrition and texture criteria
- No waste from overproduction
- 24 entrees per case, 250g per serving
- Portion-controlled proteins accompanied by potatoes, rice or pasta and a variety of vegetables

ALL THE BENEFITS OF PROTEIN, PUREED

Primepuree foods deliver the necessary protein that your patients and residents need, made from high quality ingredients in a fine puree.

- Made from quality meats, poultry and fish combined with wholesome legumes to contribute to important dietary fibre requirements
- Artfully seasoned to heighten taste experience
- Case yields 56 x 90g servings, 67 x 75g servings and 84 x 60g servings

Primepuree® Chicken with **Gardenpuree®** Creamy Corn

ALL THE BENEFITS OF VEGETABLES, PUREED

Gardenpuree foods deliver garden vegetables harvested at the peak of perfection. Gardenpuree always delights with great taste and true, bright colours.

- The perfect companion to **Campbell's Primepuree**
- Combines vegetables and delicate seasonings for an enhanced culinary experience
- Minimizes seasonal food cost variance
- Case yields 78 x 65g servings

Primepuree® Roast Turkey with **Gardenpuree®** Sweet Carrots

ALL THE BENEFITS OF PROTEIN, MINCED

Primemincind foods deliver all the benefits of protein finely minced for maximum consumption and enjoyment. Every option is made from quality cuts of meat and poultry seasoned to perfection.

- The moist minced texture makes it easy to chew, swallow and enjoy
- Consistent taste, protein and calorie content
- Case yields 56 x 90g servings, 67 x 75g servings and 84 x 60g servings

Primemincind® Ham

Please visit www.campbellsfoodservice.ca to see those products that currently fit within the International Dysphagia Diet Standardization Initiative (IDDSI) framework criteria for **Level 4 Pureed** and **Level 5 Minced and Moist**. Products have been evaluated against the IDDSI critical criteria as per label heating instructions and at point of service holding between 60°C (140°F) and 65°C (150°F).
